

Uninstalling *Profiler*

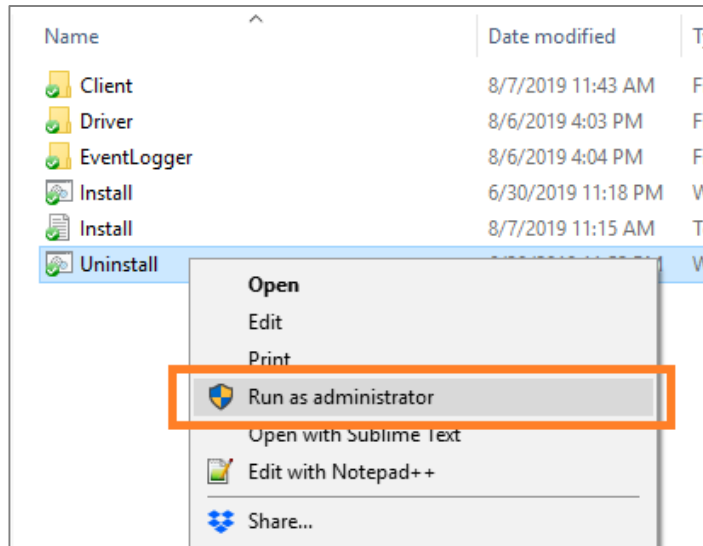

We offer 3 ways for you to get *Profiler* uninstalled from your computer:

- 1: Follow this PDF guide (a few quick steps and it's done!).
- 2: Follow our video guide available at [https://youtu.be/ Gdoleb9JA0](https://youtu.be/Gdoleb9JA0)
- 3: Contact Luiz Giovanini at lfrancogiovanini@ufl.edu and make an appointment (Monday to Friday, 9am – 4pm), so he can uninstall the *Profiler* from your computer or assist you to do so (do not forget to bring your laptop). Luiz is our postdoctoral associate.

Having problems uninstalling the *Profiler*? Feel free to contact Luiz Giovanini at lfrancogiovanini@ufl.edu. He will be happy to assist you in any questions or issues you might have.

Profiler Uninstallation Guide

- STEP 1:** Open the folder titled 'FIRMA-UserStudy-UF...', then open the folder titled 'UsageResearch'.
- STEP 2:** Right-click on the *Uninstall.bat* file and select 'Run as administrator'.

- STEP 3:** When this message is displayed, the files are all uninstalled. Please hit 'enter' to reboot the system and get the uninstallation successfully done. **This process will not be completed until the system is rebooted.**

```
C:\WINDOWS\System32\cmd.exe

C:\Users\luiz_\Dropbox\Postdoc\FIRMA\Profiler\FIRMA-UserStudy-UF-UserStudyDownload\UsageResearch>if exist C:\FIRMA_UserStudy\EventRecord1 rd C:\FIRMA_UserStudy\EventRecord1 /s /q
